## ***Rug Care***

In the unfortunate event you spill tea, coffee, etc., on your rug, the cleaning process is simple. Clean with a carpet shampoo, there is no danger of the colours running as there are no inks or dyes in the rug.

Maintaining the rug is also very simple. Whilst the rug is not machine washable, we recommend lightly dusting the rug with talcum powder, brush or rub it in, then shake off the excess. Done every month or so, this simple cleaning procedure takes away the dust and grit and maintains the fur, keeping it in excellent condition. Naturally, the rug can also be vacuumed.

Alpaca rugs are perfect for:

On the Bed

Draped over a Settee or Chair

Luxuriating in front of a fireplace

Alpaca rugs DON'T

\*shed, \*crease, \*matt down \*or curl on the edges
